Nature Activities

Guided Hikes – Departing from Environmental Education Center Porch.

2:00 pm—Archaeology Sites—Lutherlyn has been digging into the past for 19 years. Hike to three sites where archaeology is being done and see some of the artifacts that have been uncovered.

3:00 pm—Chapel Rock—This 1 mile round-trip hike will take you to one of Lutherlyn's natural landmarks. Chapel Rock has been a popular destination since prehistoric times.

Nature Activities – Meet at the Environmental Education Center

1:00 pm—Stream Critters—Everyone loves to catch stream critters! We will provide the equipment; let's see how many things we can find!

1:30 pm—Searching for Amphibians— Spring is a great time to look for frogs, toads, salamanders, and tadpoles. Are you quick enough to catch some of these amazing creatures?

2:00 pm—Pre-School Program—A story and activity in the Discovery Room for our youngest campers.

2:30 pm—Terra Dei Tour - Meet at Terra Dei Homestead—Learn about ways to take care of God's Creation while you explore the organic garden and the first straw bale house built in Pennsylvania.

2:30 pm—Edible Plants Hike—Our most camper-requested hike during summer camp involves eating your way through the forest. Try some of the wild edibles that Native Americans and pioneers would have been looking for.

The Discovery Room at the Environmental Education Center is open all day with pond critters & microscopes! Holly is at the Terra Dei Garden all day, feel free to stop by and visit or help.
