

TRUE or FALSE: *Engaging our children in the faith is fundamental to their well-being and critical to the future of the church.*

If you believe that the above statement is TRUE, then you might also believe that it is worth investing a little money and effort in them. You might even be willing to invest your own time on their behalf.

At Lutherlyn, we believe that our kids deserve the best that we can give them. If you are an adult doing ministry with youth, you may benefit from participating in...

“Youth Leadership Development Institute”

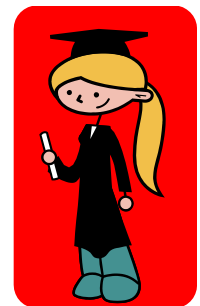

WHAT?

YOUTH LEADERSHIP DEVELOPMENT INSTITUTE!! This event is for adults working with youth in congregations. It's a weekend working retreat that focuses on how to build and rebuild ministries to and with youth. It also shows you how you can put more **PIZZAZZ!** into a healthy ministry.

What you learn will be tailored to your setting. We're talking “hands on, take it home and use it, down to earth, practical **TOOLS AND SKILLS**”. (It's also fun.)

The WEEKEND will concentrate on:

- *Building a Deeper Understanding of Ministry with Youth* (What are we doing and why.)
- *Why it's all about relationships* and how you can build them
- *Connecting with Youth* (Communication, Techniques, Strategies, and Tools)
- *Group Formation* (There's more to “groupness” than being in the same room.)
- *Group Dynamics* (Theory, roles, and what it takes to make a group “work”)
- *What you CAN do when you don't have “enough” youth*
- *Inertia, Apathy, Funding Problems, and Other Roadblocks* (You know...)
- *Building a Real Plan that WORKS* (One you can put into *action* now.)
- *Get kids into the Bible*
- *Guerilla Ministry* (Ministry when, where, and with whomever shows up)
- *Long and Short Range Planning* (The Big Picture step by step)
