## **THE GROUP LEADER IS EXPECTED TO SHARE THIS WITH RETREAT PARTICIPANTS.**

### **Health/Wellness Considerations:**

- Please take the health and well-being of others, particularly those who may have compromised immune systems, into consideration when evaluating your own health prior to a retreat/event at Lutherlyn. While we certainly would love to have you here, we do not want others to get sick while attending a retreat.
- When sharing a cabin/sleeping space and meeting rooms with people from other households, it is important to consider multiple factors prior to arriving at Lutherlyn. If you have symptoms that indicate you could have a contagious illness (fever, vomiting, diarrhea, congestion, etc.) that could transmit to others, please cancel your reservation for a full refund.
- Lutherlyn will issue a full refund for ALL medical related cancellations.
- Anyone who tested positive for COVID-19 up to 7 days prior to the start of the retreat should cancel for a full refund. To come to a Lutherlyn retreat after having COVID you must be at least 1 full week past the positive test AND at least 24-hours symptom free.
- When possible, we recommend participants take a rapid COVID test prior to departing for Lutherlyn. For Lutherlyn retreats, when possible/available, we will provide rapid tests upon arrival.
- If symptoms develop while at Lutherlyn, please refrain from interacting with others, notify the retreat leader, and depart from Lutherlyn. A pro-rated refund will be issued.

### **Lutherlyn General Policies:**

It is expected that all guests follow these guidelines. Failure to follow these policies could result in removal from camp and forfeiture of payment. There are additional guidelines/policies, depending on the type of group. Those policies are outlined in the group contract or explained by the group leader upon arrival.
