HEALTH & WELLNESS CONSIDERATIONS:

- Please take the health and well-being of others, particularly those who may have compromised immune systems, into consideration when evaluating your own health prior to a retreat/event at Lutherlyn. While we certainly would love to have you here, we do not want others to get sick while attending a retreat.

- When sharing a cabin/sleeping space and meeting rooms with people from other households, it is important to consider multiple factors prior to arriving at Lutherlyn. If you have symptoms that indicate you could have a contagious illness (fever, vomiting, diarrhea, cough, congestion, etc.) that could transmit to others, please cancel your reservation for a full refund.
- Lutherlyn will issue a full refund for ALL medical related cancellations.
- Anyone who tests positive for or is diagnosed with a respiratory viral illness (such as COVID-19, influenza, and RSV) with onset of symptoms within 5 days prior to the start of camp, should cancel for a full refund. To come to a Lutherlyn retreat after having a respiratory viral illness, you must be at least 5 days past the onset of symptoms, 48 hours fever free, and have no symptoms or mild and improving symptoms.
- We recommend participants take a rapid COVID test prior to departing for Lutherlyn.
- If symptoms develop while at Lutherlyn, please refrain from interacting with others, notify the retreat leader, and depart from Lutherlyn. A pro-rated refund will be issued.

Please call or e-mail if you have questions.

See you soon!
