Nature Activities – Meet at the Environmental Education Center

1:00 pm—Stream Critters—Everyone loves to catch stream critters! We will provide the equipment; let's see how many things we can find!

1:30 pm—Searching for Amphibians—Spring is a great time to look for frogs, toads, salamanders, and tadpoles. Are you quick enough to catch some of these amazing creatures?

2:00 pm—Pre-School Program—A story and activity in the Discovery Room for our youngest campers.

2:00 pm—Archaeology Sites—Lutherlyn has been digging into the past for 23 years. Hike to three sites where archaeology is being done and see some of the artifacts that have been uncovered.

2:30 pm—Terra Dei Tour - Meet at Terra Dei Homestead—Learn about ways to take care of God's Creation while you explore the organic garden and the first straw bale house built in Pennsylvania.

2:30 pm—Edible Plants Hike—Our most camper-requested hike during summer camp involves eating your way through the forest. Try some of the wild edibles that Native Americans and pioneers would have been looking for.

3:00 pm—Chapel Rock Hike—This 1 mile round-trip hike will take you to one of Lutherlyn's natural landmarks. Chapel Rock is a popular destination from prehistoric times. Departs from the porch of the Environmental Education Center.
